Addendum – 2

To,
All prospective bidders of
Tender for 25 & 30 kVAr LT APP Shunt Capacitors

Sub : Tender for 25 & 30 kVAr LT APP Shunt Capacitors

Ref : Tender No. CE/DSPC/LT CAPS/T-6/09-10.

Pursuant to subject Tender for 25 & 30 kVAr LT APP Capacitors, the following modifications are made to, and shall form a part of the bidding documents for the said Tender:

- 1) The Scope of the tender has been revised and is as follows:
“Design engineering, manufacturing, supply, erection, testing and commissioning and the Quarterly periodical checking of capacitors of 25 kVAr & 30 kVAr LT APP shunt capacitors (Fixed type) and other allied works including 5 year guarantee period including (defect liability period) on 100% turnkey basis in various districts under single point responsibility, divisible turnkey contract”
- 2) **Volume-I**, Clause No. 5.1 a), 5.3 a), 6.1 a) & 6.3 a) of **Section-1 (Instruction to bidders)** for the words “manufacturer of LT or HT or APFC Capacitors of All Polypropylene (APP) or Metallised Polypropylene (MPP) Type for the last three years” the words “ either manufacturer of LT or HT capacitors of All Polypropylene (APP) or Metallised Polypropylene (MPP) Type or APFC System consisting of APP or MPP type capacitors for last three years” are substituted.
- 3) In **Volume-I**, Clause No. 5.1 b) & h) , 5.3 b) & h) , 6.1 b) & h) and 6.3 b) & h) of **Section-1 (Instruction to bidders)** for turnover & net worth, in case bidder does not possess documentary evidence for turnover in FY 09-10, the years under consideration will be from FY 04-05 to FY 08-09.

The designation "P" means progressive monthly payments up to the limits indicated, based on progress made by the Contractor. The designation "LS" means that a lump sum payment will be made upon successful completion of the activity described.

Payment Schedule for Interim Valuations (Reference to Sub-Clause 13.4.3)			
Major Activity	Type of Payment	Payment (in % of Total Price)	Description (Stage of Work)
Schedule 2 (Part 1): Cost of Capacitor and Equipment for Incorporation in the Permanent Works & Schedule 2 (Part 2): Delivery, Storage, Erection, Installation, Testing, Commissioning and Guarantee of Plant and Equipment, including design, and other services.			
Cost of Capacitor including all necessary accessories and miscellaneous items	P	90%	Payments against cost of material and commensurate with the progress achieved for supply and erection/ installation and successful completion of the Guarantee Tests and Commissioning of the complete works and issue of the taking over Certificate for that works by the Employer's Representative.
Balance payment against supply of material and services mentioned above.	LS	10%	Balance payment upon successful completion of the entire works and completion of all the Contractor's obligations under the Contract, as duly certified by the Employer's Representative and after issue of the last completion certificate and submission of a "No Claim Certificate" by the Contractor

Abbreviation : P = Progressive payment of commissioned feeder LS = Lump Sum payment

Note:

- 1) 90% of the payment as mentioned above shall be released after commissioning of 25kVAR & 30 kVAR LT shunt capacitors on all the 63kVA & 100 kVA distribution transformers respectively on a feeder.
- 2) 10% retention amount after successful completion of entire works and after issue of the last completion certificate & submission of a "No Claim Certificate" by the Contractor. This 10% retention amount shall be released subject to the undertaking from the turnkey contractor that they have claimed "C" forms against the materials which are actually utilized/provided in the Project. In case of non-utilization of material for which MSEDCL has issued "C" form, they will pay the CST on the value of such balance material.
