

No. SE/LM/LS/ 2903

Date: 01.02.2012

CIRCULAR NO.40

To,
All Chief Engineers,
O&M Zones.

Sub.: Withdrawal of load shedding to Industries on staggering day.

Ref.: Circular No.35 vide No.SE/LM/30183 dated 05.10.11..

In view of cold wave throughout India, the power demand is reduced and the grid frequency profile is better. Also due to increase in MSPGCL's Thermal Generation and increase in gas availability to RGPPL, the availability of MSEDCL's power is increased.

Considering the present power system position, it is decided to withdraw the load shedding to Industries on staggering day w.e.f. 00.00 hrs. of 03.02.2012 till further instructions.
