Date: 03.05.2011

CIRCULAR No. 143

Sub: Installation of Energy meters and applying Industrial Tariff to account the auxiliary consumption of EHV & MSEDCL Sub Stations from June 2005.

Ref. The Circular No. 135 (PR3-/General/38971 dt. 29.12.2010).

MSETCL delivers energy from its EHV sub stations through distribution feeders to MSEDCL and total energy is billed to MSEDCL. However EHV sub stations utilize a part of energy delivered to MSEDCL for their auxiliary consumption; & therefore it utmost essential that same is accounted by installing energy meters and the recorded energy should be billed to the concerned, incharge of the s/stn.

Similarly, at some places there is un-metered auxiliary consumption used for sub stations and colonies at MSEDCL Sub Stations. Same is also required to be billed, separately.

Hence, all the field officers are requested to install energy meters at EHV Sub Station and at MSEDCL Sub Station to record the auxiliary consumption. The recorded consumption should be accounted and reflected through IT System for energy accounting & billing purpose.

The recorded consumption for all points of auxiliary consumption at EHV & MSEDCL sub stations shall be billed as per Industrial tariff.

However, it should be noted that, the levy of the tariff will be w.e.f. June 2005 even if it means refund in some cases due to applicability of Commercial tariff.

It should also be noted that payment of bill should recovered in cash/cheque. No IBA will be accepted for payment of electricity bill from MSETCL.

This is correction in the Circular No. 135 (PR3-/General/38971 dt. 29.12.2010).
