

## Pension System : Solution for Internet Explorer Version 7 and above

For Internet Explorer Version 7 and above try the following steps

### 1) Java Settings :

- Install Latest Java Run Time JRE, if already not installed on PC.
- From the directory C:\Program Files\Java\jre1.5.0\_02\bin\client , copy the file jvm.dll by right click and copy. The jvm.dll can be downloaded from the link provided under this link.
- Paste the file into directory C:\Program Files\oracle\jinitiator1.3.1.22\bin\hotspot directory
- Restart the PC.

If the system gives error of 'Data Execution Prevention', follow these steps also.

### 2) My Computer Settings:

- Right click on My Computer
- Select option Advanced
- Select Settings under Performance
- Select 'Data Execution Prevention'
- Select 'Turn on DEP for all programs except',
- Select Add
- Select the program iexplore.exe from c:\program files\internet explorer directory
- See that the 'Internet Explorer' has check mark on it.
- Click 'OK' for all windows.
