1. As the NSC Documents was asked by Hon. CGRF bench to submit at the time of First Hearing, but after a massive level search for this NSC Documents of Complainant, it was not found in Subdivision office and section office, So it cannot clarify that consumer has given application for Poultry Connection or Commercial connection at that time i.e in the year-2006.
2. All the photos from Dec -2014 to June-2016 is attached with this letter and also soft copy is mailed.

3. As the previous meter of complainant was replaced by Assistant Engineer, Lasalgaon Rural. But its meter replacement report was not feeded in the system at that time, hence the meter no and CPL meter no is not matched.
4. As per this point, the Exact Fact received from Assistant Engineer, Lasalgaon Rural stated that at the time of replacement of meter, the reading was shown on the meter but its Terminal was burnt ( meter was not burnt ), and due to off load, meter was not showing pulses, so they have mentioned meter as STOP on meter replacement report. The detail statement of AE, LSGN ( R ) is attached with the letter.
5. As stated above, as Assistant Engineer, Llasalgaon Rural stated that the meter was not bunt, but Terminal was burnt and reading was shown on display. This meter is available in safe custody at Lasalgaon Rural Section office.
