The Corporate Social Responsibility (CSR) Policy of Maharashtra State Electricity Distribution Company Limited

1. Background & Vision

MSEDCL a State Government Company, is one of the largest State Distribution utility in India. MSEDCL interface with community through its nature of business i.e by putting EHV Distribution lines & substations. Distribution lines projects are environmentally clean and do not involve any disposal of waste, effluents and hazardous substances on land, air and water. However, Distribution line projects have some localised impact on villagers whose lands are acquired for construction of substations and on natural resources like crops and trees, when Distribution lines pass through agriculture fields or forest areas.

MSEDCL have an ethical & social responsibility through its core value i.e. being ethically & socially responsive to support communities ostensibly impacted by its business in any manner. To fulfill our rooted values, MSEDCL is creating framework to identify, access, and manage socio economic development. MSEDCL is committed to attain sustainable economic & infrastructure development with an interconnected vision of people's welfare, social growth and environmental conservation through adopting people-centric approach within our business.

To streamline the assessment & screening procedure, bring clarity among executing link of CSR, to increase the level of involvement through dedicated work force for CSR activities in all levels of operation and complying the directives of Companies Act, 2013 MSEDCL desires to formulate comprehensive Corporate Social Responsibility Policy.

This policy will deal with the basic aspects of CSR with reference to MSEDCL. Policy will provide a institutional framework to establish an efficient and effective platform to perform CSR activities. Policy will ascertain roles & responsibility, budget provision, information disclosure at different level of operation in field & corporate level.

MSEDCL aims to actively contribute to sustainable socio-economic development of the local community and society at large, including its employees and their families, so as to improve the quality of life and to raise the Human Development Index in the State.

1.1 Preamble

Corporate Social Responsibility is a company's commitment to its stakeholders to conduct business in an economically, socially and environmentally sustainable manner that is transparent and ethical. Stakeholders include employees, investors, shareholders, customers, business partners, clients, civil society groups, Government and non-Government organizations, local communities, environment and society at large. Corporate social responsibility means giving back to society what it gets from society.

For Company in the present context, CSR means not only investment of funds for social activity but also integration of business processes with social processes.

CSR is a process with the aim to embrace responsibility for the company's actions and encourage a positive impact through its activities on the environment, consumers, employees, communities, stakeholders and all other members of the public sphere who may also be considered as stakeholders.

According to World Business Council for Sustainable Development “*Corporate Social Responsibility is the continuing commitment by business to behave ethically and contribute to economic development while improving the quality of life of the workforce and their families as well as of the local community and society at large*”.

MSEDCL is a socially committed organization and a responsible corporate citizen. It attaches great importance to discharging its social responsibilities to the community and Society of the area where the zones are being taken up.

MSEDCL's network is spread in entire state of Maharashtra. MSEDCL has acquired land for its Distribution lines in different remote areas. As a responsible corporate citizen, it aims to restore the livelihood of the people, provide adequate compensation and to undertake the development works in the areas affected by development activity carried out by MSEDCL or its sister concern and Holding Company for the upliftment of Project Affected Persons (PAPs). The Company will take up community development activities in the nearby areas of various Stations and Sub-stations.
