REF. PR-3 / TARIFF/ **17146**

DATE: **28.05.2010**

**COMMERCIAL CIRCULAR No. 116**

**Subject: Sanction & Release of power supply at the voltage higher than stipulated in the MERC Standard of Performance, Regulation, 2005.**  
- **Corrigendum to Commercial Circular No. 105 dt. 26/11/2009.**

**Reference:** Commercial Circular No. 105 dt. 26/11/2009.

With reference to above subject, powers for releasing load up to 1500 kVA on voltage levels higher than those prescribed by MERC Standard of Performance, Regulation, 2005 are sub-delegated to Regional Executive Director in consultation with Chief Engineer (O & M) of the Zone for their respective areas / jurisdiction. This delegation of power is circulated vide Commercial Circular No. 105 dt. 26/11/2009.

In the said Commercial Circular No. 105 dt. 26/11/2009, in last column of table given on page No. 2, powers are sub-delegated is as under –

*Only for **release** of load **up to 1500 kVA** on voltage levels higher than prescribed by SoP Regulation, 2005 of MERC.*

The above should be read as below:

*Only for **sanction & release** of load **up to and including 1500 kVA** on voltage levels higher than prescribed by SoP Regulation, 2005 of MERC.*

All field officers are requested to take note of above corrigendum and act accordingly.

  
**Chief Engineer (Commercial)**
