No: CE (Infra) / **NO 3 0 2 0 8**

Date: **11 NOV 2013**

To,  
All Superintending Engineers (Infra),  
(O&M) Zones.

Sub: Inspection of Ag. Pump energization works.

At present Ag. Pump Energization work is done by O&M offices under various schemes. Henceforth the Ag. Pump energy work will be done under Infra-II scheme only. The work of HT Line /LT Line & DTC will be done by Turn Key contractors under Infra-II scheme. Some budget provision is allotted to Nagpur Rural, Amravati, Jalgaon and Yavatmal circles for execution of LT extension work for Ag. Pump energization as urgent requirement upto March -2014. However, the Ag. Connections will be released by O&M offices on partial turnkey basis.

In order to check the quality of work & avoid duplication of Bill recording, all SEs (Infra) are hereby directed to check ongoing work of Ag. Pump energization as a Third Party Inspection. Inspection report of Ag. Connections should be submitted to H.O. time to time.

Please note that the bill of LT extension work carried out for Ag. Pump energization should be recorded only if the consumer is feed to IT by online New Service Connection module and the bill of DTC work should be recorded only if DTC is feed to IT by online New Distribution Transformer module (NDM) system as per circular issued by Director (Projects)

  
(P.U. Shinde)  
Director (Projects)

Copy to: ~~1) The Chief Engineer (Infra), MSEDCL, H.O., Prakashgad, Mumbai-51~~

2) All Chief Engineers, (O&M) Zones.

3) All SEs, (O&M) Circles.
