Ref. No. Secretary/MSEDCL/CGRF/BNDUZ/

Date : 30/04/2007

Case No. 114

Hearing Dt. 24/04/2007 & 27/04/2007

**In the matter of wrong recovery, sanction of additional load and continued
billing even after permanent disconnection**

Mrs. Khalida Asad Khan

- Appellant

Vs.

MSEDCL, Bhiwandi

- Respondent

Present during the hearing

A - On the behalf of CGRF, Bhandup

- 1) Shri S.L. Kulkarni, Chairman, CGRF, Bhandup.
- 2) Shri S.B. Wahane, Member Secretary, CGRF, Bhandup.
- 3) Mrs. Manik P. Datar, Member, CGRF, Bhandup.

B - On the behalf of Appellant

- 1) Shri Shakeel Ansari, representative.

C - On the behalf of Respondent

- 1) Shri C.B. Patil, Accts. Officer, MSEDCL, Bhiwandi.

Preamble:

- 1) The appellant has a power loom industry at Bhiwandi. She is having sanction load of 10 HP. According to she had applied to the office of the utility to enhance the power load from 10 HP to 25 HP on 24/03/2004. She again sent reminder on 15/02/2005. However she mentioned in this letter that no positive response was received by her from the utility, she is commissioning her power looms from

10/03/2005. The utility detected the enhancement of load to 25 HP by the appellant without approval of the utility. Accordingly, the utility imposed a penalty of Rs. 80,833.50 in August 2005 bill. The Appellant consumer feels that she had made application to the utility well in advance for enhancement of load and despite reminder having received no response, she had enhance the load and hence imposition of penalty is unjust and wrong.

2) She wrote a letter to utility on 10/01/2006 that his industry is closed due to recession and the meter has been shifted to utility's office. However, he continues to receive energy bills.

3) She applied in the prescribed form with all documents on 25/05/2006 to utility to enhance the load from 10 HP to 25 HP. However utility did not carry out any inspection or survey till date i.e. 13/03/2007.

The appellant has prayed that the above mentioned penalties be rectified and she be granted additional load as applied for.

The say of the utility :

1) The officials of the utility still could not complete the scrutiny of the load enhancement application. Such scrutiny is essential to check technical feasibility and capacity of transformer. Hence the request of enhancing the load could not be sanctioned so far.

2) The Officials of the utility checked the load in January 2005 and found it unauthorisedly enhanced from 10 HP to 25 HP and hence imposed load penalty of Rs. 80883.50 considering last six months.

3) The permanent disconnection report submitted by consumer is not acceptable to the utility for the reasons that it is not out warded from section office, nor in warded in sub-division and or division office. Also the names and designation of investigating staff, which is very essential for making or declaring of P.D. are not mentioned.

OBSERVATIONS

1) Utility has sanctioned a load of 10 HP to appellant's power loom unit. Consumer applied to utility for extension of load to 25 HP on 24/03/2004. Consumer informed utility that she is commissioning her factory from March 2005. The CPL readings also indicate this position of utilisation on 25 HP reflected in March 2005. The utility checked the connection on 22/03/2005 and confirmed this excess load drawal.

2) If the events in this case are seen chronologically, it is found that the appellant vide her letter dated 13/02/2005 informing the utility, that she is commissioning her factory from March 2005. This position was checked by utility on 22/03/2005 confirming this. Thus, it is clear that actual power consumption with 25 HP started only from March 2005. It does not seem logical or legal to impose penalty for past six

months same principle applies for capacitor penalty, since the total penalty of Rs. 80,883.29 is for six months both as unauthorized enhancement of load and non installation of capacitor.

3) As regards consumer's say put in January 2005 that her connection was permanently disconnected in November 2005, she continued to receive energy bills. However, from the perusal of CPL of this meter, this say is not substantiated since it shows energy consumption from August 2006 to Oct. 2006. Further, in Nov-06 CPL indicates 'No Meter' and Dec-06 and Jan-07 shows meter inaccessible. This is strange, utility failed to produce any concrete/reliable documents to indicate permanent disconnection position as to when it was .

O R D E R

- 1) Utility will not charge penalty to the consumer for unauthorised extension of load from June-2004 to Nov-2004 which amounts Rs. 180,883.29.
- 2) Utility should consider P.D. date as Nov-06 indicating No meter status as such no further billing should be made. The same principle applies for IL (Cons. No. 013542081958/5)

The order is issued under the seal of consumer Grievance Redressal Forum M.S.E.D.C. Ltd., Bhandup Urban Zone, Bhandup on 27th of April 2007.

Note : 1) If Consumer is not satisfied with the decision, he may go in appeal within 60 days from date of receipt of this order to the Electricity Ombudsman in attached "Form B".

Address of the Ombudsman
The Electricity Ombudsman,
Maharashtra Electricity Regulatory Commission,
606, Keshav Building,
Bandra - Kurla Complex, Bandra (E),
Mumbai - 400 051.

2) If utility is not satisfied with order, it may go in appeal before the Hon. High Court within 60 days from receipt of the order.
