- 1) Consumer Grievance Redressal Forum has been established under "Maharashtra Electricity Regulatory Commission (Consumer Grievance

Redressal Forum & Ombudsman) Regulation 2006” to redress the grievances of consumers. This regulation has been made by the Maharashtra Electricity Regulatory Commission vide powers conferred on it by Section 181 read with sub-section 5 to 7 of section 42 of the Electricity Act, 2003. (36 of 2003).

- 2) The consumer is a L.T.-V above 20 KW consumer of the licensee with C. D. 54 KVA. The Consumer is billed as per Industrial tariff. Consumer registered grievance with the Forum on 19/05/2009 for Excessive Energy Bills. The details are as follows: -

Name of the consumer :- Shri Virendra J. Mistry

Address: - As given in the title

Consumer No : - 001840886243

Reason of dispute: Excessive Energy Bills.

- 3). The batch of papers containing above grievance was sent by Forum vide letter No EE/CGRF/Kalyan/476 dated 19/05/2009 to Nodal Officer of licensee. The licensee through Dy. Executive Engineer MSEDCL Sub/Dn. Vasai Road East filed reply vide letter No. DYEE/VSI/B/4450, dated 04/06/2009.
- 4) The consumer has raised these grievances before the Executive Engineer (O&M) Division, MSEDCL, Vasai Division, on 04/03/2009. The said Internal Redressal Cell did not give any hearing to the consumer & also did not send any reply resolving the said grievances to the consumer. Therefore, the consumer has registered the present grievance before this forum on 19/05/2009.

- 5). The Forum heard both the parties on 04/06/2009 @ 16.00 Hrs. in the meeting hall of the Forum's office. Shri Harshad Sheth, representative of the consumer & Shri S.B. Hatkar, Asstt.Acctt., representative of the licensee, attended hearing. Minutes of the hearing including the submissions made by the parties are recorded and the same are kept in the record. Submissions made by each party in respect of each grievance shall be referred while deciding each of the grievances to avoid repetition.
- 6). The following grievances raised by the consumer in its letter dated 02/03/09 sent to the concerned Executive Engineer of which copy the consumer has attached with the grievance made before this forum, arise for consideration, and considering the reply dtd. 04/06/09 with CPL filed by the licensee, record produced by the parties, and submissions made by the parties, the finding or resolution on each of such grievance is given against it, for the given reasons.
- 7). As to grievance No. (1) – Regarding refund of difference between MD based tariff & H. P. based tariff recovered in the bills for three months from Dec. 08 onwards : The Consumer Representative (CR) submits that the licensee has charged MD based tariff to the consumer without 100% metering and its such action is illegal. He relies on operative order dtd. 20.6.08 of MERC in case No.72 of 2007, MSEDCL circular No.81 dt.7.7.08 in support of his contention. He further submit that as per order dated 12.9.08 of MERC in case 44 of 2008, the licensee can not impose MD based fixed charges, PF penalty and demand penalty/incentive without MD based tariff being made applicable to the concerned consumer but in the

instant case, the licensee has applied the above charges or penalties without MD based tariff being applicable to it and hence such action of licensee is illegal. He further submit that thus the licensee has violated the Act, rules and orders of MERC and hence is liable for action under section 142 and 146 of the Electricity Act 2003. He further submits that therefore the licensee be directed to refund the amounts of such illegally recovered charges together with interest at the rate which it applies to the defaulting consumer. The CR submits that the consumer claims refund of an amount of Rs. 750/- towards the difference in between the fixed charges as per MD based tariff and HP based tariff charged in the bills for three months from Dec. 08 onwards.

---As against above contention, the LR submits that the licensee has applied MD based tariff from Aug.08 on completion of 100% TOD metering and as per directives given in Clause 10.5 of Com. Circular No.81 dt.7.7.08. He therefore submits that whatever charges based on MD based tariff, are recovered by the licensee from the consumer are correct and legal and therefore the question of refunding the same to the consumer does not arise.

While deciding the question regarding the applicability of MD based tariff to the LT above 20 KW industrial units, the Hon. Electricity Ombudsman vide order dated 6.5.09 in representation No.33 of 2009, M/s. Crystal Industries V/S MSEDCL, relying on the MSEDCL's circulars dtd. 05.02.09 held that the MSEDCL has suo moto decided to start MD based tariff for LT V consumers from April 09 inspite of 100% installations of MD

meters completed in Aug.08 and therefore the MSEDCL is liable to refund the excess fixed charges and PF penalty recovered from such consumer. Therefore following the above referred decision, the licensee is directed to refund the amount of MD charges collected over and above the fixed charges recoverable as per HP based tariff recovered from the consumer prior to the billing period of April 2009 together with interest at the Bank rate of RBI within 30 days from the date of this decision.

- 8) As to grievance No. (2) – Regarding arrears of Rs. 1503.48 charged in the bill for Dec. 2008 : The consumer claims that the licensee has charged Rs. 1503.48 in the bill for Dec. 08. The licensee should explain about the said arrears and refund if the same are not justified. As against this the LR submits that the said arrears are of the electric charges as per bill for Nov. 08 which have not been paid by the consumer and hence the same together with interest are charged as arrears in the bill for Dec. 08. It is true that the licensee has charged Rs. 1503.48 as arrears in the bill for the month of Dec. 08. The CPL for Dec. 08 also shows the said fact. It is clear from the CPL for the month of Nov. 08 that the net bill for the said month was for Rs. 1474 and CPL for Dec. 08 does not show the payment of the said bill for Nov. 08 by the consumer. Therefore, it is clear that the consumer has not paid the bill for the month of Nov. 08 and therefore, the licensee has charged Rs. 1503.48 inclusive of interest towards the said arrears of the bill for Dec. 08. Thus this grievance stands resolved.
- 9) As to grievance No. (3) – Regarding Security Deposit : The consumer claims that while giving new connection in the said Dhumal Nagar area, during the period in which the consumer has taken this connection, the

licensee has collected Rs. 11,700 as additional security deposit (ASD). However, such ASD of Rs. 11,700 is not displayed in the bills of the consumer. Therefore, the licensee be directed to display the said amount of ASD in the bills and give credit of the interest over the said amount of ASD to the consumer. As against this, the licensee claims that the connection has been given on 18/10/08. The SD paid at the time of connection is displayed. However, the ASD of Rs. 11,700 is not displayed in the bills. It will be displayed in the bills and interest will be paid as per rules. In view of such say of licensee, the licensee is directed to display the ASD of Rs. 11,700 in the bills for the months Sept. 09 onwards, and pay interest on the said amount of ASD of Rs. 11,700 at the Bank rate of RBI by giving credit of such amount in the ensuing bill after a period of 30 days from the date of decision in this case.

- 10) As to grievance No. (4) – Regarding refund of excess service connection charges : The consumer claims that the licensee demanded Rs. 14,000 as service connection charges in the demand notice to the consumer when the consumer has taken this electric connection and accordingly the consumer paid or deposited Rs. 14,000 towards service charges. However, the service charges for overhead connection are Rs. 6,500, as per the schedule of charges under Regulation Section 18 vide MERC order No. 70, dt. 09/09/06. Therefore, the licensee be directed to refund the difference of Rs. 7,500. As against this, the licensee claims that the electric connection or supply to the consumer was given through underground cable and therefore, service charges for such connection are Rs. 14,000 and hence service charges of the said amount has been

recovered from the consumer and therefore, the consumer is not entitled for any refund on this count. It is clear from the schedule of rates filed by consumer that the service connection charges for new underground connection were Rs. 14,000 during the said period. It is also clear from the copy of letter No. SE/VC/Tech/8523, dt. 23/10/07 sent by Superintending Engineer, Vasai Circle to Executive Engineer, Vasai Division regarding estimate for giving power supply to 35 Nos. IP, 36 Nos. IC, 1 No. Water Pump connection in respect of the consumer M/s. Prashant P. Chinchankar and other consumers r/w letter No. DYEE/VSI/(E)/B/5721, dt. 20/07/09 that the said estimate was prepared for the instalment of electric connection at the units of many consumers including this consumer with L.T. underground cable net work. In view of this, the contention of licensee that L.T. underground cable was given for the electric connection at the said unit and therefore, Rs. 14,000 were recovered as service charges will have to be accepted. Therefore, the consumer is not entitled for any refund on this count. Hence his grievance about it is rejected.

- 11) In view of the findings on the grievances of the consumer as above, the forum unanimously passes the following order.

**O-R-D-E-R**

- 1) The grievance application is partly allowed.
- 2) Grievance No. (2) stands resolved as observed in Para No. 8
