

vide order passed under no.SE/Wardha/Tech/IGRC/6864 dated 03-12-2013. Feeling aggrieved by the aforesaid order, the applicant presented the instant application under the provisions contained in Regulation 6.4 of the MERC (CGRF and E.O.) Regulations 2006 on 09-01-2014.

3. A copy of the application was given to the respondent. The respondent was directed to submit parawise reply. The respondent submitted reply under no.EE/O&M /H'ghat/Tech/686 dated 03-02-2014. The case was fixed for personal hearing on 03-03-2014. Dr.N.N.Behare, authorized representative was present for the applicant. Shri M.S.Vaidya, Executive Engineer, Hinganghat & Shri G.H.Bhagwat, Assistant Engineer, Samudrapur, represented the respondent. Both the parties were heard.

4. It was contended on behalf of the applicant that he submitted an application for connection to his agricultural pump on 24-10-2011. He received demand note on 09-04-2012. He deposited the amount as per demand on 09-05-2012. He submitted the test report on 04-06-2012. In spite of the fact that the application was complete in all respect the respondent has not released the connection till today. So he is entitle for compensation as provided under the SOP Regulations.

The applicant's prayer was as under,

i) The applicant may be awarded compensation as provided under SOP Regulations.

ii) The respondent may be directed to release the connection immediately.

5. Shri Bhagwat, Assistant Engineer, referred to the parawise reply dated 03-02-2014. It was further stated that the applicant submitted the application on 24-10-2011.

A demand note was issued on 09-04-2012. The applicant deposited the amount on 09-05-2012. He submitted the test report on 04-06-2012. To provide the connection to the applicant erection of L.T. line admeasuring 0.24 k.m. is necessary. His name is entered in the paid pending list of year 2012-13 at sr.no.39. The applicant has not submitted any survey report of any competent authority. His prayer is not acceptable. The connections to the agricultural pumps are released as per the orders from the higher authorities and availability of funds under SPA scheme. The work to release the connections to the applicants who have deposited the demand amount during the period June 2010 to March 2011 is in progress. The connection will be released as per the seniority of the applicant. So the application may be dismissed.

6. The technical member of the forum submitted a note as under,

I have gone through the documents on record & submissions made by both the parties, it is not disputed that the complainant has completed all the formalities for getting electric connection to his Ag pump. However supply of electricity to agricultural pumps is carried out under various schemes such as SPA –PE ,DPDC, Non DDF CCRF etc . It appears there that is a huge pendency of agricultural pump applications in Hinganghat Division under SPA scheme ,hence the work of laying HT/LT lines & T/F for supplying connection is entrusted to the agency & is being carried out as per the seniority of the applications/applicants who have deposited the demand amount & completed the formalities in all respect. While at the time of execution of work (as per seniority list) there were the instances of standing crops in the field, the objections

were raised by the adjacent Agriculturist, hence the respondent had left only those works & move forward as per seniority for supplying electricity to Ag. Pump connection

MSEDCL's circular 22197 of 20.05.2008 regarding NON DDF CCRF Scheme , gives option to applicants to carry out the works, get supply early and get refund of the costs incurred, through future electricity bills. The complainant has not opted under the said scheme, hence his name is placed in seniority list as per the demand paid by him.

In view of circumstances mentioned above, we can not held the respondent responsible for the delay for providing electric connection to the complainant's agricultural pump. The respondent shall provide the connection to the complainant's Ag pump as per the seniority list, otherwise it will cause great injustice on the part of other applicants who have paid the demand prior to the complainant.

Moreover the complainant's cause of grievance about payment of compensation for delay in giving supply will arise only when supply is given to him. In this case the supply is not yet given. The complainant's prayer for compensation for delay in giving supply is premature, in view of the order passed by Hon'ble Electricity Ombudsman, Mumbai in representation No. 32/2010 & other representations were similar issues are being involved.

In view of above I am of the opinion that the respondent is not responsible for delay in giving supply & any losses caused to the complainant. Hence in my opinion the complainant is not entitled for compensation.

7. We have perused the record. We have heard the arguments advanced by both the parties.

It is admitted position that the applicant submitted the application in the prescribed form. He deposited the amount as per rule. He submitted the test report. His name is also entered in the paid pending list prepared by the respondent. So it is clear that the application submitted by the applicant is complete in all respect.

Regulation 4.5 prescribe the time limit for release of connection, it reads as under,

4.5 Where the supply of electricity to a premises requires extension or augmentation of distribution mains, the distribution licensee shall give supply to such premises within three (3) months from the date of receipt of complete application in accordance with the Maharashtra Electricity Regulatory Commission (Electricity supply code and other conditions of supply,) Regulations, 2005.

After hearing the parties and upon perusal of the record it reveal that the applicant had submitted the complete application. So he was entitle for connection within a period of three (3) months from 04-06-2012. The respondents have not released the connection till today. So he is entitle for compensation as provided under Regulation 12 and appendix A item1 (iii) attached the said Regulations.

8. In absence of any evidence much less reliable and cogent evidence we are not inclined to accept other claims of the applicant.

9. The respondent can not deny binding effect of SOP Regulations. So the note submitted by technical member can not be considered in toto.

10. In view of the position discussed above we pass the following order, by majority,

ORDER

- i) Application No.05 of 2014 is partly allowed. The applicant is entitle for compensation from 05-09-2012 till the connection is released to him.
- ii) The respondent MSEDCL is directed to pay compensation @ Rs.100/- per week from 05-09-2012 to 05-03-2014. The payment shall be made within ninety days from the receipt of this order.
- iii) The respondent shall pay the remaining amount of compensation as soon as the connection is released to the applicant.
- iv) No order as to cost.
