

vide order passed under no.SE/Wardha/Tech/IGRC/1829 dated 18-04-2015. Feeling aggrieved by the aforesaid order, the applicant presented the instant application under the provisions contained in Regulation 6.4 of the MERC (CGRF and E.O.) Regulations 2006 on 18-05-2015.

3. A copy of the application was given to the respondent. The respondent was directed to submit parawise reply. The respondent submitted reply under no.EE/O&M/H'ghat/Tech/2536 dated 03-06-2015. The case was fixed for personal hearing on 29-06-2015. Shri B.V.Betal, authorized representative was present for the applicant. Shri M.S.Vaidya, Executive Engineer, Hinganghat & Shri A.V.Tupkar, Dy.Executive Engineer, Hinganghat(R), represented the respondent. Both the parties were heard.

4. It was contended on behalf of the applicant that he submitted an application for connection to his agricultural pump on 30-08-2011. He received demand note on 09-09-2011. He deposited the amount as per demand on 02-01-2012. He submitted the test report on 26-11-2014. In spite of the fact that the application was complete in all respect the respondent failed to release the connection within the stipulated period given under SOP Regulations. The connection is not yet released..

The applicant's prayer was as under,

The applicant may be awarded compensation as provided under SOP Regulations. The applicant may be awarded compensation towards the loss to his agricultural produce and delay in connection and travelling charges.

5. Shri Tupkar, Dy.Executive Engineer, referred to the parawise reply dated 03-06-2015. It was further stated that the applicant submitted the application on 30-08-2011.

A demand note was issued on 09-09-2011. The applicant deposited the amount on 02-01-2012. He submitted the test report on 26-11-2014. To provide connection to the farmers laying of LT line admeasuring 0.18 k.m. was necessary. The applicant was aware of this position. The connections to the agricultural pumps shall be released as per the seniority list of year 2011-2012 from the date of completed the application. The priority No. is 254. And hence there is no delay in giving supply to Ag. connection. So the application may be dismissed.

6. The consumer representative submitted a note which reads as under,

It is admitted position that the applicant submitted the application in the prescribed form. He deposited the amount as per rule. He submitted the test report. His name is also entered in the paid pending list prepared by the respondent. So it is clear that the application submitted by the applicant was complete in all respect.

Regulation 4.8 prescribe the time limit for release of connection, it reads as under,

4.8 Where the supply of electricity to a premise requires extension or augmentation of distributing mains, the Distribution Licensee shall give supply to such premises within three (3) months from the date of receipt of the completed application and payment of charges. The extension or augmentation of distributing mains includes the extension of HT, LT lines and augmentation of distribution transformer substation.

After hearing the parties and upon perusal of the record it reveal that the applicant had submitted the complete application. So the applicant is entitled for

compensation. The applicant has made the compliance of the provisions contained in provision to Regulation 12.2.

7. As per CGRF Regulation 2006, clause 4.1 (c) which reads as under,

4.1 (c) " provided also that where the Chairperson is absent from a sitting of forum, the technical member, who fulfills the eligibility criteria of sub clause (b) above, shall be the Chairperson for such sitting. "

8. After going through the documents on record and submissions made by both the parties, it is not disputed that the complainant has completed all the formalities for getting electric connection to his agricultural pump. However to provide connection to the farmers laying of LT line admeasuring 0.18 k.m. was necessary. The applicant was aware of this position. The connections to the agricultural pumps shall be released as per the seniority list of year 2011-2012 from the date of completed the application. And hence there is no delay in giving supply to Ag. connection. At present, there appears pendency of agricultural pump applications in Hinganghat Division under various schemes. To provide any infrastructure to consumer cost required for it is to be get approved from MERC. As the huge no. of agricultural pump applications are received the fund required for its infrastructure is more for which provision has to be made after approval of MERC, which causes delay in approving schemes. Hence MSEDCL is not responsible for any delay for erection of infrastructure of agricultural paid pending applications. Hence the compensation to the consumer can not be granted. So the application may be dismissed.

9. In view of the position discussed above we pass the following order, by majority,

ORDER

- i) Application No.43 of 2015 is hereby dismissed.
- ii) No order as to cost.
