1. The applicant filed present grievance application before this Forum on 7.5.2014 under Regulation 6.4 of the Maharashtra Electricity Regulatory Commission (Consumer Grievance Redressal Forum & Electricity Ombudsman) Regulations, 2006 (hereinafter referred to as Regulations).

2. The applicant's case in brief is that he is receiving excessive electricity bills. His meter is fast. Therefore meter of the applicant may be tested and bill may be revised.

Therefore consumption recorded by the meter is the actual consumption utilised by the applicant. Bills issued to the applicant are perfectly correct and there is no scope for revision. Grievance application may be dismissed.

6. Forum heard arguments of both the sides and perused the record.

7. It is true that meter of the applicant was tested by S.N.D.L. but the applicant was not satisfied with that test report.
