ORDER PASSED ON 11.07.2016.

1. The applicant filed present grievance application before this Forum on 22.06.2016 under Regulation 6.4 of the Maharashtra Electricity Regulatory Commission (Consumer Grievance Redressal Forum & Electricity Ombudsman) Regulations, 2006 (hereinafter referred to as said Regulations).
2. Non applicant, denied applicant's case by filing reply dated 08.07.2016.

3. Forum heard arguments of both the sides and perused record.
4. According to the applicant her bills in the month of March-2016 to May-2016 are excessive. We have carefully perused order passed by learned IGRC. It is a detailed order. IGRC hold that consumption of the applicant is 235 units per month and therefore directed to revise the bill in March-2016 to May-2016 considering average consumption of 235 units per month. The effect of units is given in next billing circle.
5. Record shows that SNDL has issued specific letter on 04-06-2016 to the applicant and directed her to remain present at the time of meter testing and thereafter meter was tested. As per meter testing report dated 18-05-2016 and 21-06-2016 the meter is O.K. Therefore we find no force in the allegation of applicant that meter is fast. In the March to May there is summer season and hence possibility of more utilization of electricity, therefore IGRC had rightly revised the bill of the applicant. Therefore, in fact grievance of the applicant is already redressed and grievance application deserves to be dismissed.
6. Hence the following order.

ORDER

- 1) Grievance application is dismissed.
