Quorum Present : 1) Shri Shivajirao S. Patil,
Chairman.

2) Shri N.V.Bansod
Member

3) Mrs. V.N.Parihar,
Member, Secretary

ORDER PASSED ON 24.08.2016.

1. The applicant filed present grievance application before this Forum on 22.07.2016 under Regulation 6.4 of the Maharashtra Electricity Regulatory Commission (Consumer Grievance Redressal Forum & Electricity Ombudsman) Regulations, 2006 (hereinafter referred to as said Regulations).
2. Non applicant, denied applicant's case by filing reply dated 16.07.2016.

3. Forum heard arguments of both the sides and perused record.
4. According to applicant his bill for April, May, June-2016 is excessive. Applicant previously filed case No.1/2016 before this forum on 04-01-2016. At that time also applicant complaint about working of the meter and that meter was tested in the laboratory of MSEDCL & it was O.K. Therefore that case was dismissed by this forum on 05-02-2016.
5. Immediately on 22-07-2016 applicant filed present matter about working of new meter. We have compared consumption trend of the applicant. In April-2014 his consumption was 364 units, in May-2014 – 424 units, in June-2014 – 403 units. Similarly in July-2014 – 433 units, April-2015 -333 units, May-2015 – 339 units, June-2015 – 365 units, July-2015 – 355 units, August-2015 – 385 units. Even in winter season in November-2015 his consumption was 332 units. Therefore consumption of the applicant in April-2016 – 305 units, May-2016 – 328 units & June-2016 – 447 units is not excessive. There is same consumption pattern. Spot inspection report also shows that there is heavy load of 2 KW. Considering this connected load 425 units per month should have been the minimum consumption. After all electricity consumption is depend on use & utilization of electrical equipments. We find no force in the grievance application and it deserves to be dismissed.
6. Hence the following order.

ORDER

Grievance application is dismissed.
