ORDER PASSED ON 19.10.2015.

1. The applicant filed present grievance application before this Forum on 31.8.2015 under Regulation 6.4 of the Maharashtra Electricity Regulatory Commission (Consumer Grievance Redressal Forum & Electricity Ombudsman) Regulations, 2006 (hereinafter referred to as said Regulations).

2. Applicant's case in brief is that he received excessive bills. Being aggrieved by the order passed by I.G.R.C. applicant approached to this Forum.

3. Non applicant denied applicant's case by filing reply Dated 23.9.2015. It is submitted that meter is tested in the laboratory and it is found O.K. Therefore bill can not be revised. Grievance application deserves to be dismissed.

4. Forum heard arguments of both the sides and perused record.

5. During the course of arguments applicant argued that there is grievance only for the bill of 1 month i.e. July 2015 of 507 units. Except this applicant has no other grievance. In the month of August 2013, there was consumption of 1640 units for 5 months and as per calculation it comes to 328 units. In October 2013 also consumption is shown as 313 units. In May 2014 – 314, in June 2014 – 386, in July 2014 – 342. It is noteworthy that in May 2015, consumption is 427 units and again in August 2015 – 323 units. Therefore, if there is more utilization it is but natural to have excess consumption. It was summer season, though it was the month of July due to late rainy season. Meter is tested in the laboratory. As per meter testing report dated 22.8.2015, meter is found O.K. Therefore consumption utilized by the applicant is correctly recorded by the meter and hence bill can not be revised. Grievance application deserves to be dismissed.

6. Hence following order :-
