**ORDER PASSED ON 26.8.2014.**

1. The applicant filed present grievance application before this Forum on 11.7.2014 under Regulation 6.4 of the Maharashtra Electricity Regulatory Commission (Consumer Grievance Redressal Forum & Electricity Ombudsman) Regulations, 2006 (hereinafter referred to as Regulations).

2. The applicant's case in brief is that he is received excessive bill of May 2014 and therefore his bill may be revised.

Learned I.G.R.C. rejected his application. Therefore he approached to this Forum.

3. Non applicant denied applicant's case by filing reply dated 16.7.2014. It is submitted that meter of the applicant was tested and it is O.K. Grievance application may be dismissed.

4. Forum heard arguments of both the sides and perused the record.

5. CPL shows that there is normal trend of consumption of the applicant. It is true that in the month of May 2014 there is consumption of 332 units. However, it is summer & peak season and therefore it is but natural to have more consumption in that month. It is noteworthy that in May 2013 also there was 615 units consumption of the applicant. Considering long standing entries in CPL about monthly consumption, in our opinion there is no substance in grievance application and it deserves to be dismissed. Hence following order : -
