> "no billing using past consumption or some related 'average' basis _should be_
> _resorted to for more than a period of 3 months._ (Where average billing has been
> continuing for more than that period just prior to 1st June, 2004, then it cannot be
> continued from that date. In case average billing has been resorted to for, say, 2
> months prior to that, it can be continued only for upto one month more). _During_
> _that period of 3 months, the meter should have been tested/ replaced, with the_
> _results intimated to the consumer, and appropriate bill adjustments carried out_
> _thereafter_ (where such average billing is being done on the basis of presumed
> faulty meter, and where defectiveness of the meter has accordingly been
> established). If due and timely diligence has not been exercised by the licensee, he
> cannot claim the right to continue billing on a presumptive, average basis. The
> same principle will apply to all other situations in which such 'average' billing has
> been resorted to, except in cases where the meter is not accessible. (However, the
> Commission notes that, in the case of locked/ inaccessible meters, the licensees
> have recourse to the remedies provided under Section 163 of EA, 2003, and it would
> be expected that MSEB would exercise it sooner rather than later."

daiuhus ijhi=d Ø- 50 No. 50 P.COM./ACCTT./AVERAGE BILL/27608 Dated ,
22/08/2006 e/khy l puk [kkyh mn/kr dY;k vkgr%

> "It is therefore, decided that in those cases where meter is not faulty and is
> in working condition for taking the reading, the average bill beyond one
> billing cycle should not be issued in future. If reading is not provided by the
> meter reader and some wrong status is given, on the stipulated date for
> preparation of the bill and average bill is issued then the decision has been
> taken that the difference between the billing as per actual reading and
> average bill should be recovered from the salary of the concerned meter
> reader."
