<b>Terms &amp; Conditions :</b>				
1	The packages are all inclusive packages unless otherwise mentioned. Non-medical expenses such as telephone charges, admission charges, ect. Do not fall within the purview of the package tariff.			
2	The packages will apply for routine cases only. In case of any cases with medical or surgical complications, the package tariff is eligible for enhancement provided the hospital submits a details describing the complications and treatment from the treating doctor well in advance or immediately after the surgical procedure is done and not at time of discharge. If it is justifiable then only enhancement will be consider.			
3	In case two package procedures are done in the same sitting for a patient, the major procedure would be charged at 100% of its package tariff and the minor procedure would be charged at 50% of its package tariff. In case of three procedures in same sitting third surgery will be charged 25%.
