7.2 The Distribution Licensee shall carry out the reading of consumers meter at least once in every three months in case of agricultural consumers and at least once in every two months for all other consumers-

Provided that in case, for any reason, the Distribution Licensee fails to carry out the meter reading during a billing cycle, the Distribution Licensee shall prepare and provide a provisional bill to the consumer, based on the average consumption of last three billing cycles wherein the meter readings were carried out.

Provided further that normally provisional billing shall not continue for more than two billing cycles at a stretch. The amount paid as per the provisional bill shall be adjusted against the bill raised on the basis of actual meter reading during subsequent billing cycles-
