- 1) It will be ensured that at least 80% of Ag consumers who are connected on such Ag LM feeders pay their current energy bill by due date,
- 2) If current energy bills are not paid within due date, then the standard AGLM protocol of 8hrs/10(or 8) hrs of 3-phase power supply during day/night time on rotational basis will be implemented,
- 3) And the daytime power supply will be restored only after payment of at least 80% Ag consumer's current bill.

Chief Engineer (RE), has reported 09 nos. of new Solar Power Projects commissioned under MSKVY out of which 04 nos. are in Latur district and 01 no. each in Ahmednagar, Hingoli, Wardha, Parbhani & Nashik districts. Accordingly, list of these 09 nos. of new SPPs with their associated MSEDCL substations and respective Ag outgoing feeders with allotted 3-phase power availability time schedule is prepared and attached herewith as **Annexure-A** for the implementation.

The 3-phase power availability time schedule for these Ag LM scheme feeders will be implemented with effect from **00:00 Hrs of 09.02.2022** subject to the above mentioned conditions and other guidelines conveyed vide circular under **ref.(4)**.

The day time power supply as per the time schedule shall be provided to these decentralized solar Ag feeders for the period of one month only (i.e. **up to 10th March-2022**), within which, minimum 80% of current bill amount must be recovered from the Ag consumers connected on each of these feeders failing which day time power supply shall be discontinued on such defaulter solarized Ag feeders.

The feeder wise compliance of these conditions shall be reported for monitoring purpose to the "Special Team-B" which has been formed at head office for implementation of Govt. Ag Policy-2020 and assigned exclusive task of "Ag arrears recovery through special recovery scheme".

The instructions shall be followed scrupulously.
