**ARTICLE 21**  
**CHANGE IN LAW**

**21.1 Increase/Decrease in costs**

If as a result of Change in Law, the Supplier suffers an increase in costs or reduction in net after-tax return or other financial burden, the aggregate financial effect of which exceeds 0.1% (zero point one percent) of 100% of tariff payable in any Accounting Year or if as a result of Change in Law, the Supplier benefits from a reduction in costs or increase in net after-tax return or other financial gains, the aggregate financial effect of which exceeds 0.1% (zero point one percent) of 100% of tariff payable in any Accounting Year, the impact of Change in Law to be adjusted and recovered shall be computed in accordance with the procedure provided in the applicable rules issued by the Ministry of Power'.

**21.2 Adjustment in Tariff on account of Change in Law**

- 21.2.1 On the occurrence of a Change in Law, the monthly tariff or charges shall be adjusted and be recovered in accordance with the Electricity (Timely Recovery of Costs due to Change in Law) Rules, 2021 notified by the Ministry of Power on 22.10.2021 (and subsequent amendments, if any) to compensate the affected party so as to restore such affected party to the same economic position as if such Change in Law had not occurred.

- 21.2.3 The affected party shall furnish to the other party, the computation of impact in tariff or charges to be adjusted and recovered, within thirty days of the occurrence of the Change in Law or on the expiry of 21 days from the date of the notice referred to in 21.2.2 above, whichever is later, and the recovery of the proposed impact in tariff or charges shall start from the next billing cycle of the tariff.
- 21.2.4 The impact of Change in Law to be adjusted and recovered may be computed as one time or monthly charges or per unit basis or a combination thereof and shall be recovered in the Monthly Invoice as the part of tariff.
- 21.2.5 The amount of the impact of Change in Law to be adjusted and recovered, shall be calculated in accordance with the formula given here under to calculate adjustment in the monthly tariff due to impact of Change in Law, which is non-recurring in nature.

Let financial impact of Change in Law = P

Then the modification in the Tariff (MT) for compensating the financial impact is given by:

$$MT = (Y / X)$$

Where:

X = estimated monthly electricity generation/Supply in kWh =  $(1/12) \times [Supply\ Capacity\ as\ per\ the\ Agreement\ (in\ MW) \times CUF\ in\ % \times 8760\ hours \times 10]$

$$Y = (P \times Mr)(1 + Mr)^n / ((1 + Mr)^n - 1)$$

Where:

n = No. of months over which the financial impact has to be paid (subject to maximum of 180 months in case of the non-recurring fixed amount but in case of recurring impact it will

be till the impact persists);

Mr = monthly rate of interest =  $R / (12 \times 100)$

CUF = annual Minimum Supply Obligation as indicated in the Agreement;

R = annual rate of interest on loan component (in %) as considered by the CERC in its order for Tariff Determination from Conventional or Renewable Energy Sources (whichever is applicable) for the year in which the Project(s) is commissioned. In absence of relevant orders of CERC for the concerned year, the interest rate shall be average interest rate plus 200 basis points above the average State Bank of India marginal cost of funds based lending rate, of one-year tenor, prevalent during the last available six months for such period.

Further, Supplier shall true up the MT annually based on actual generation/Supply of the Accounting year so as to ensure that the payment to the affected party is trued up at the yearly annuity amount.

Any such change, shall be considered upto three digits after the decimal point, and remaining digits, if any, shall be ignored. *For e.g. in case the change in tariff payable is calculated as Rs. 0.14678/kWh, it shall be modified as Rs. 0.146/kWh.*

**21.2.6** The Supplier shall, within thirty days of the coming into effect of the recovery of impact of Change in Law, furnish all relevant documents along with the details of calculation to the Appropriate Commission for adjustment of the amount of the impact in the monthly tariff or charges.

**21.2.7** The Appropriate Commission shall verify the calculation and adjust the amount of the impact in the monthly tariff or charges within sixty days from the date of receipt of the relevant documents under clause 21.2.6.

**21.2.8** After the adjustment of the amount of the impact in the monthly tariff or charges under clause 21.2.7, the Supplier, shall adjust the monthly tariff or charges annually based on actual amount recovered, to ensure that the payment to the affected party is equal to the yearly annuity amount.

### **21.3 Exclusions to the Change in Law:**
