

Ref.: CE(PP)/LM/AgLM/8 Hrs Supply/10980

Date: 30.03.2026

To,
All Chief Engineers,
O&M Zones, MSEDCL.

Sub: Time schedule for giving 3-phase power availability to Ag Load Management (AgLM) Scheme feeders emanating from sub-stations where technical constraints exists for providing day time supply for the months of **April-2026**.

Ref:

1. Circular No. CE(PP)/LM/AgLM/MSKVY/16160	Dt. 01.10.2020.
2. Circular No. 55, CE(PP)/LM/AgLM/24680	Dt. 06.10.2021.
3. CE (PP)/LM/AgLM/8 Hrs Supply/19886	Dt. 28.06.2024.
4. Letter No. CE(PP)/LM/AgLM/Daytime supply/31093	Dt. 26.09.2025.
5. Letter No. CE(PP)/LM/AgLM/8 Hrs supply/42650	Dt. 31.12.2025.

As you are aware, MSEDCL has planned to provide daytime power supply to all agricultural consumers. Accordingly, various works are being undertaken, including feeder separation, system strengthening, and distributed solar generation projects under MSKVY 2.0.

Instructions have already been issued vide Circulars under reference (1) to provide 08 hours of three-phase power supply to agricultural feeders during daytime where solar feeders have been commissioned under MSKVY. Further, vide letter under reference (3) and (4), instructions have been issued to provide 08 hours of three-phase power supply during daytime only wherever such supply is technically feasible, considering constraints such as power transformer loading, line loading, and EHV limitations, if any. In case of such constraints, it shall be the responsibility of the concerned field offices to resolve the same under ongoing schemes.

While providing daytime supply to these feeders (either solarized or technically feasible), it shall be ensured that the three-phase power supply is strictly limited to 08 hours and is provided in a suitably staggered time schedule between 08:00 hrs and 18:00 hrs across all AgLM feeders.

Further, in respect of other AgLM feeders where daytime supply is not feasible due to technical constraints, three-phase power supply shall be provided for 08 hours either during daytime or nighttime on a rotational basis, in accordance with the detailed instructions issued under AgLM Circular No. 55 (ref.1). Accordingly, the division-wise schedule of three-phase power availability for such AgLM Scheme feeders for the month of **April 2026** has been prepared and is enclosed herewith as **Annexure-A**.

The above schedule for three-phase power supply to AgLM scheme feeders (where exclusive daytime supply is not technically feasible) shall be implemented with effect from **00:00 hrs of 01.04.2026**.

For technically feasible and solarized sub-stations following shall be ensured:

1. For all technically feasible AgLM feeders, 3-phase power supply for 8 hours shall be provided during daytime only, with a suitably staggered schedule between 08:00 hrs and 18:00 hrs every day.
2. Daytime power supply to all agricultural feeders, where Solar Generation is commissioned under MSKVY 1.0 or MSKVY 2.0 shall commence from the next day of commissioning of the solar power plant. All such solarized Ag feeders emanating from the same power transformer or substation shall be provided 3-phase power supply for 8 hours during daytime only, with a suitably staggered schedule between 08:00 hrs and 17:00 hrs every day.
3. The implemented schedule of 3-phase daytime power supply for newly solarized AgLM feeders shall be intimated to this office immediately after implementation.

The above instructions shall be complied with scrupulously.

Encl.: As above

Chief Engineer (PowerPurchase)
